Chartered Certified Accountants

PROFILE

Our firm's philosophy is based on proximity with its clients. Though accountancy is all about numbers, everyone in our team works to establish close, long, lasting and personal relationships.

Our flexible packages help to keep our services cost effective. Up front you will get a contract of service, clearly spelling out of the solutions you need with a single all-inclusive fee. There is no "hidden cost" and you are sure to get the highest standard of services from an experienced team of professionals.

*Our logo is a pyramid which symbolises **human aspiration** for growth within a perfect alignment and this underlines our **business mantra**.*

SERVICES

ACCOUNTING

In the financial field, there is not much we do not or have not done. With us you can select from an expansive and sophisticated array of accounting services including Accounts for SMEs, Financial Statements prepared under IFRS, US GAAP & Other Applicable standard. Our comprehensive and up-to-date advisory services and professional input will provide you with the necessary ingredients to make wise financial decisions.

BOOKKEEPING AND ELECTRONIC ACCOUNTS MAINTENANCE

Right from our office we can function as your complete in-house bookkeeping department. We maintain your accounts electronically, reconcile your bank statements, generate income statements and clean up your general ledger. With our support, you will need fewer employees and you will be free to focus on income-generating tasks. You will be at peace knowing that SM & CO is a trusted professional partner overseeing and protecting your finances while providing you with unlimited consultation.

TAXATION

Experienced Tax Practitioners at SM & CO will prepare, review and electronically file individual and corporate tax returns. We will help you proactively reduce taxes within the scope of Tax Legislation. If you encounter tax problems, such as back duty investigations, tax audit or assessments, we are there every step of the way to resolve the problems on your behalf by making representations at the MRA and handling tax reviews and appeals. You can entrust all of your tax compliance obligations to us to be handled in the best, most efficient and ethical manner.

AUDIT & ASSURANCE SERVICES

Our audit approach is to bring "VALUE" to your business. By understanding your business we can provide, not only a better, more insightful audit service, but also a full gamut of advisory services on the ways to improve your business process with full internal controls. With extensive experience in core economic sectors, we will share that knowledge with you while continuously building our knowledge of your business through our interaction with your management team. As we aim at "QUALITY" in everything we do, all our audit assignment are partner-led with experienced staff on the field.

ADVISORY SERVICES

We offer succession planning services, business valuation, setting up or acquiring a new business, establishment and review of internal controls to protect against fraud. Our advisory services are tailor-made to meet client needs and also includes international, consulting such as arbitration, business mergers and floating on stock exchange.

PAYROLL

One of its modern secret of business success is "Outsourcing". Many businesses have adopted a new paradigm which consists at focusing on "core services" (e.g Sales, Marketing, Product Quality, Customer care) and outsource all "non-core services" to specialised service providers. At SM & CO, we provide a comprehensive payroll service which includes all compliances requirements such as NPF, PAYE, Employees Pay Slips, Employees Returns etc.

CONSULTING SERVICES

At SM & CO, our consultant are able to advise on a number of our auditing from business setting up, realising a business plan, negotiating finances for grassroot projects and for growth, business re-engineering, cross-border investment etc.
